

# DEDALO

**Sitting room**

**The set Dedalo, as you can guess from the name, is presented with six items characterized by maze-shaped carvings, friezes, and volutes. The armchair, the sofas and the three tables together offer an extraordinary fascinating collection with a particular and immediately recognizable taste.**

**Sofa**

the incredible maze made of carvings characterized Dedalo collection in each of its articles. This particular is highlighted especially in the 2- and 3-seater sofas, in which the backrest is more processed, and it is enriched by the decorated frame with carved leaves. To complete this image of luxury the small, upholstered armrests lean on refined waves and volutes.

Armchair

Dedalo Armchair is characterized by intertwined carvings that create this elegant backrest. The maze of carving on the backrest succeeds in charming the most sophisticated eye. The elegant and processed capitonné oval shaped upholstery awards these items with luxury and uniqueness.

Coffee tables

The two main features related to the Dedalo table set are refined and elegant. Unlike to upholstered items that have more prominent decorations, table set is more essential but maintaining the same style of decoration of sofas and armchairs. The three different Dedalo tables belonging to the Dedalo table set guarantee large margin of customisation in the top decoration.
