**Mirror**

The mirror of the Fidia collection has a very special hexagonal shape. Each side is decorated with the same pattern in a very thick way. Large volutes, and important crowns make this mirror a surely majestic accessory. Even though it decorates a wall by itself, this mirror is also perfect combined with a beautiful sideboard.

Chairs

Le sedie della collezione Fidia sono uguali in tutto fuorché piccoli e interessanti particolari. Il capotavola presenta, ovviamente, dei braccioli con una parte imbottita ma non solo. Nel 2023, infatti, l'articolo capotavola è stato ulteriormente arricchito da fregi anche nella parte posteriore dello schienale rendendo questo articolo assolutamente incredibile da qualunque prospettiva.
